Choosing a Grant Program

After clicking on the Start New Application link you will have the ability to choose a grant program to apply for. Each grant program will have a brief description of the grant or who qualifies for the grant. Read these descriptions thoroughly before applying.

- 1) Read through the grant program description to decide if you qualify to apply for the grant.
 - a. If the foundation has sent you an access code enter it in the Access Code box on the left and click Enter. This will allow your private grant program to appear.
- 2) After the grant program appears, click it to start filling out the first form.
 - a. Grant Programs have the ability for multiple forms. Some grant programs can have the applicant submit 3 forms to the foundation before a decision is made. Each form will be filled out and submitted to the foundation. After it is deemed complete, the foundation will approve you to move on to the next form.

Another limit will be on the file upload questions. This limit will be in Mega Bytes (MB). The size of file you are uploading must be under the amount of MB's allowed on the question.
- 2) Applicants can save as draft and come back to the form after any given time to complete it. The foundation will not check for completeness until the form is submitted.
 - a. After the application is submitted there will be a confirmation page stating that the form has been submitted. You can always refer to your Application Status Page to see what stage the application is in, if in doubt.
